

The Worcester Greenstar Ri regular (9-24kw)

Why install a Greenstar Ri?

- ▶ Fits in a standard kitchen cupboard
- ▶ Simple boiler controls
- ▶ Suitable for homes where the heating system includes a hot water storage cylinder
- ▶ Frost protection is also included, reducing frost risk if installed in a garage or loft
- ▶ Can be used with Greenskies solar panels for energy and cost savings

*20mm from a removable cupboard door, 600mm from a fixed surface for servicing.
Same clearances for ventilated and unventilated compartments.

Control options

All compatible controls must be used with the optional diverter valve.

Accessories

Boiler dimensions

The Greenstar Ri range will fit inside your wall-mounted kitchen cupboards.

Know your system

Regular boilers (sometimes known as traditional, conventional or heat only boilers) are ideally suited to homes that already have a traditional heating and hot water system which is linked to a separate hot water cylinder.
